

pH Fusion Tea Pilot Survey Matched Funding

To Qualify for Matched Funding:

An Application Form must be completed and submitted for review by our office. <http://fs17.formsite.com/endowment/form1/index.html>

What is Matched Funding?

Currently pH Fusion Tea is used in the various studies including **Acid Reflux; Cancer; Lyme's; Mitochondria function; Poor metabolism; pH level evaluation and Stress**. The General Public purchase these from our website at www.endowmentmed.org.

The Six Month Pilot Survey requires 6 - 2 lb canisters. Normally that would cost over \$500 including shipping when purchased separately. Participants pay only \$177.7 plus shipping and completion of the Evaluation Forms.

We welcome, but do not require, physicians and healthcare profession to help monitor their patients who participate in the studies.

What is Required?

Participants are required to complete a Base Line Evaluation Form followed with an Evaluation Form every 30 days.

Learn more details of the Pilot Surveys and the possible health benefits of pH Fusion Tea and T/C+.

No medical claims are made or intended. The health benefits, if any, will become self-evident to the participants and families.
